Re: Development Application

To whom it may concern,

This letter is being submitted in support of my Development Application to obtain a building variance for the planned remodel of my home at 10608 Alabama Circle.

I have been a resident of Bloomington since 1992 and my plans are to continue to be a resident of Bloomington for the long-term. To that end, my fiancé and I have developed a remodel plan to accommodate a growing, blended family. We would like to make sure that we have the space needed to house our three children now and into the future along with the ability to have family gatherings and a great residence for our future.

We are also looking to the future as we grow older to allow us the ability to have one-level living, if needed, for our future. We have a planned main level bedroom, bath and laundry to accommodate that potential for the future. We believe the remodeled space will be a place that we can stay for many years to come, accommodate our family and friends and be a wonderful addition to the neighborhood.

If you have any additional questions, feel free to contact me anytime at 612.232.9380.

Sincerely,

John Heutmaker
